

Umeshkumar D. Anghan

Senior Product Designer • 13 Years Experience

+91 94272 01756 • anghanumeshd8@gmail.com • [LinkedIn](#) • [Design Portfolio](#)

PROFILE

Results-driven **Senior Product Designer with 13 years of experience** leading UX strategy, solving complex design challenges, and delivering high-impact digital products across web and mobile platforms. Proven expertise in translating business objectives into intuitive, scalable user experiences through **research-driven design, system thinking, and cross-functional collaboration**. Proven expertise in **AI-assisted design workflows**, leveraging tools like Claude, Figma Make, and Lovable to accelerate research synthesis, ideation, and prototyping.

SUMMARY

- **Self-motivated, user-focused** experience in Web and Mobile Product Design and Front-End Development, specializing in end-to-end UI/UX solutions.
- **Strong expertise** in modern web standards, including HTML5, CSS3, SCSS, Responsive Web Design, and native design guidelines for iOS and Android applications.
- **Experienced** in architecting scalable website structures, defining information architecture, and designing dynamic, data driven user interfaces.
- **Collaborative team player** with the ability to work independently, consistently delivering high-quality results within tight deadlines while maintaining design precision and usability standards.

TECHNICAL SKILLS

- **Design & Prototyping**
 - **Figma** — Advanced Prototyping, Design Systems using Components & Variants, Auto Layout, Dev Mode, Annotation View
 - **AI-Powered Design & Prototyping:** Figma Make, Lovable, Claude (UX research synthesis, content modeling, workflow optimization), AI-driven rapid prototyping platforms
 - Wireframing, Interactive Prototyping, Micro-interactions
 - **Design Systems Architecture** & Component Libraries
 - **Information Architecture**, User Flows, Journey Mapping, Sitemap Creation
- **UX & Product Strategy**
 - **User Research**, VOC Analysis, Persona Development
 - **Usability Testing**, Heuristic Evaluation, Accessibility (WCAG Guidelines)
 - Market & Business Research
 - **Agile Methodology** & Sprint-Based Execution
 - **Cross-functional Collaboration** with Product, Engineering & Leadership
- **Front-End & Development Knowledge**
 - HTML5, CSS3, SCSS, Responsive Web Design
 - Bootstrap, React Semantic UI, Material UI, React Bootstrap
 - Theming and UI Customization in React-based frameworks
 - Webflow, HubSpot Framework
 - Cross-browser Compatibility & Device-based Testing
- **Tools & Platforms**
 - **Design:** Figma, Adobe Photoshop, Illustrator
 - **Collaboration:** Miro, UI Wizard, Zeplin, Invision
 - **Dev Tools:** Git, Azure, VS Code, Sublime Text

○ **Analytics:** Google Analytics, OneSignal, Performance Testing (GTMETRIX)

AI DESIGN & INNOVATION

- **Reduced design iteration time** by leveraging generative AI tools (Claude, Figma Make, Lovable) for concept validation and rapid prototyping.
- Used AI for **UX research synthesis**, **persona creation**, and content structuring.
- **Applied prompt engineering techniques** for rapid UI generation and workflow optimization.
- Integrated AI into design processes for **faster MVP prototyping** and stakeholder alignment.

WORK EXPERIENCE

Cayzen Technologies

Sr. UI/UX Designer / Product Designer | *August 2019 – Present*

- **Led product discovery sessions**, stakeholder workshops, and UX strategy planning.
- Defined **design requirements** based on business objectives and user research insights.
- Identified **product enhancement opportunities** aligned with market trends and user behavior.
- **Developed scalable design systems** and maintained UI consistency across platforms.
- Created user stories, process flows, **wireframes**, **prototypes**, and **high-fidelity mockups**.
- **Collaborated** closely with product managers and engineers to optimize usability and performance.
- Presented design concepts to **leadership and cross-functional teams**.
- **Contributed to front-end development** using HTML5, CSS3, SCSS, and React-based UI frameworks.
- Actively participated in **Agile sprint planning**, reviews, and iterative improvements.

MEDITAB

Sr. UI/UX Designer cum Web Designer | *September 2017 – July 2019*

- **Designed and developed** responsive web applications and healthcare product interfaces.
- **Led UX strategy** from requirement analysis to wireframing, prototyping, and final delivery.
- Created **mobile and web app UI assets** for iOS, iPad, and Android platforms.
- Ensured **standards-compliant code** with focus on accessibility, SEO, and W3C validation.
- Conducted performance and usability testing.
- Managed analytics tools, cookie compliance, and client coordination.

MATRIX COMSEC

Sr. UI/UX Designer | *March 2015 – August 2017*

- **Designed and developed** responsive web applications and enterprise dashboards.
- Created **UI/UX for desktop and mobile applications**.
- Developed wireframes, **prototypes**, and **interactive UI solutions**.
- **Collaborated** with backend teams to ensure seamless front-end integration.

Concept Securities Pvt Ltd

Web and Graphics Designer | *June 2013 – February 2015*

- **Designed** web applications, landing pages, and branding materials.
- Optimized **graphics and layouts** for corporate clients.
- **Collaborated** with marketing and development teams for implementation and testing.
- Delivered **dynamic web content** using HTML and CSS.

EDUCATIONAL QUALIFICATION

- **B.Tech in Computer Engineering** – CHARUSAT University | CGPA: **8.5** | 2013
- **H.S.C (Science Stream)** – GHSEB | **86%** | 2009

- **S.S.C** – GSEB | **84.92%** | 2007

PERSONAL DETAILS

- **Date of Birth:** 19 December 1991
- **Gender:** Male
- **Languages:** English, Hindi, Gujarati
- **Marital Status:** Married
- **Key Interests:** Designing, E-painting, Teaching, Training, Management, Social Activities
